UNCLE SAM WANTS VOLUNTEERS FOR TANK SERVICE

behind to endure the hardships of war—not because they like that kind of a life but because they were men enough to realize their obligation to their country. In this day and age, big things are not accomplished by small numbers. This war is like a great big fire—the soldiers are the firemen, and the safety of our American women are in their hands. What is the use of a small body of soldiers fighting and dying over there if the fellows back home aren't fighting for their mothers, wives, sisters and sweethearts. If you aren't fighting are you worth fighting for? If you're a real American—a real man thru and thru and appreciate the liberty you have enjoyed in the past, you'll be man enough to march up to your local postmaster, who is an official recruiting agent of your government and beg him to send you away to do your "bit." Registered men must apply in person at a regular recruiting station. Don't put it off until tomorrow—if the men now fighting for you in France had done that, the Germans would be over here knocking the daylight out of you. A real man never has excuses to offer—are you a real man? Prove your loyalty to your country by offering your services now.

CHURCH ANNOUNCEMENTS

EVANGELICAL CHURCH.

Rev. C. W. Weltner, Pastor.
Services for Sunday, March 17:
Sunday school at 9:00. Subject for study, "Jesus Sending Forth the Twelve." Golden Text—Freely ye have received, freely give. Matthew 10:8.

Sending forth the twelve. Three is the divine number and four is the world number, the sum of these make seven—the number of perfection. While these multiple make twelve, the prophetic number, symbolizing the redemptive process in making a meeting place between God and man. Hence we have twelve sons of Jacob; twelve princes of Israel; twelve fountains at Elim; twelve stones in Aaron's breast plate; twelve loaves of shew bread; twelve spies sent into Canaan; twelve stones in the altar; twelve oxen supporting the brazen laver; twelve foundations of the Holy City and twelve galls for the same. Twelve tribes composed the old testament kingdom, and twelve apostles constituted the beginning of the new testament church and the sum of these represented by the twenty-four elders compose the united church in glory.

Y. P. A. at 7:00. Subject, "The Art of Living With Others." 1 Peter 3:8-16. Leader, J. O. Sprout. These meetings are and have been very helpful. Those present last Sunday evening will tell you so. The leader promises a good meeting next Sunday evening.

Mr. George Greeter of Toledo will address men only at 3:00 and he and the four young men who come with him will have the services in the evening at 7:30.

MEN'S ASSOCIATION MEETING.

FISHING IS GOOD.

But it Must Not be Done With Sein or Net.

Fish and help win the war, but keep within the law fishing, says Deputy Game Warden Wm. L. Snyder.

Every fish caught lawfully and substituted for meat means a jolt to the Kaiser, but unlawful fishing is a boost for him. In time it will create a scarcity of fish.

The impression that it is legal to fish with sein or net with three-inch mesh is wrong, and every violator of the law will be punished, as the fish and game wardens are on the watch.

There is prospect of good fishing this year, but it must be done rod, line and hook.

No Soft Coal After May 1st, 1918

Monday we received this letter from one of our biggest Soft Coal shippers: "About May 1st we intend starting lake coal, and will load exclusively on this business only until the close of navigation. We want to ship you as nearly the amount of coal you will need as we possibly can before May 1st, as we can't ship to you after that date."

This from one who knows. Are you going to take his advice or are you going to wait—like you did last year and freeze your family out?

We haven't the bin room to store SOFT COAL so why don't you take it from the cars just as long as we can get it before May 1st and be sure that you will be very warm this coming winter.

Unless you assist us by taking the coal we shall have to stop shipments and then wait, and wait until we can get a car now and then.

Come in and leave us your order.

Please remember government regulations covering selling coal for CASH ONLY.

WANTED-AMERICANS!

There are 90,000,000 of us in the United States—all in the family of our own Uncle Sam.

And Uncle Sam needs money—your money—everybody's money. He doesn't ask you to give it to him; he wants to borrow and pay you interest for it.

Maybe you didn't have \$50 or \$100 to lend him in Liberty Bonds, but surely you have 25 cents. If we, all of us, buy one thrift stamp—just one stamp apiece—that is \$22,500,000, and if everyone of us buys \$4.12 worth—25 cents worth from time to time for sixteen times—that's \$370,800,000.

Your pin money does help. Doesn't it?

We don't know how much money you have—how much—how little. It doesn't matter, anyway. For it is getting to a point that every man—every woman—every boy—every girl—must make the business of helping win this war—the most important thing on earth.

Like the Liberty Bonds, the war savings certificates bear 4% interest. On January 1, 1923 each certificate will be worth \$5. These stamps are exchangeable at face value plus accumulated interest at any time between now and January 1, 1923.

You can buy from your mail carrier or at the Post Office. Buy your first one today.
